Fitness should be considered "I am unsure if I can donate during lockdown" "plasma

I don't want to waste time

Don't know where to start

I will donate when they email/text me to remind me again

I just want to know i can get there at a time and get it done sometimes there's a wait and lag...

"Is it similar to blood donation?"

"Difficult to find a plasma donor"

I would donate more If i can make time for it

Thinks

It was about having different priorities, life adjustments

demand and supply gap has grown even bigger"

"Bringing recovered patients back to hospital is challenging"

Says

Convincing recoverd patients for donatins and paying large sum of money to unauthorised plasma agents

Introduced to plasma donation through colleagues at a charity event

Cancels apt due to social engagements

Ignores red

cross emails

Does Feels M

> Felt good about helping others and saving a stranger's life

Annoyed by too many messages or emails

> The thank you text helps to reinforce the good feeling
